STRUCTURAL

M^CCLURE™

Your vision. Engineered here.

STRUCTURAL ENGINEERING

HELPING BUILDINGS STAND TALL AND STAND OUT.

You want to make buildings that make an impact. We can bring your ideas to life. At McClure, we think beyond concrete and steel, creating innovative structures that wow with design. And functionality. We restore buildings to their former glory. And adapt historical buildings to a modern world. You can rely on us for speed and responsiveness when fast action is critical to the success of your project. And you'll appreciate our ability to anticipate problems before they occur. We think like owners, partners, and entrepreneurs, always looking for better ways to make your vision even better. **You want to create livable spaces where memories are made—or kept alive. Let's build on those ideas together.**

PROJECT EXPERIENCE

NATIONALLY RECOGNIZED EXPERTS IN
MULTI-FAMILY AND COLD-FORMED STEEL.

- Lucas Museum of Narrative Arts, Los Angeles, CA
- 1200 and 5th, Gainesville, FL
- The Deacon, University of Cincinnati, Cincinnati, OH
- Center City District, Michigan State University, East Lansing, MI
- Clarendale of Clayton Senior Living, Clayton, MO
- Purdue Honors College Dorms West Lafayette, IN
- Fort Bragg UEPH Army Barracks Fort Bragg, NC
- Aloft Hotel, Phoenix, AZ
- Berkeley Performing Arts Facility, Berkeley, CA
- Spirit Living Assisted Living, Berkeley, CA
- NVIDIA Headquarters, Santa Clara, CA
- Faena Forum, Miami Beach, FL
- Wayne State University Dorms, Detroit, MI
- Museum of Fine Arts, Houston, TX
- Residences of Easton and Hamilton, Rutgers University, New Brunswick, NJ
- Stonecrest of McCandless, McCandless, PA
- Northshore 770, Chicago, IL
- King Bruwaert House, Burr Ridge, IL
- HUB I and HUB II, Gainesville, FL
- Titledown Residences, Green Bay, WI
- 1100 Broadway, Ann Arbor, MI
- Navy Pier Hotel, Chicago, IL
- Lowrise – Virgin Hotels, Las Vegas, NV
- Riverside Library, Riverside, CA
- Presidio of Monterey AIT Barracks, Monterey, CA
- Seminole Hard Rock Hotel & Casino, Hollywood, FL
- Bull Creek Meditation Sphere, Austin, TX

WHERE WE MAKE AN IMPACT:

- Licensed in 49 States plus D.C.
- Engineer of Record Architectural Services
- Full Building Systems Designed with Cold-Formed Steel (CFS)
- Complex CFS Framing with Radiused Surfaces
- Reinforced Concrete including Precast and Prestressed
- Storm Shelters and Hardened Structures
- Specially Designed CFS Roof and Floor Open Web Trusses
- Non-Bearing CFS Cladding and Wall Systems
- Historic Rehab and Repurposing
- Blast and Progressive Collapse Resistant Structures (D.O.D.)
- Value Engineering Solutions including Design Build Experience
- Special Analysis – Vibration, Instrumentation, Testing, High Seismic, etc.
- Structural Evaluations, Insurance and Property Assessments
- Peer Reviews and Expert Witness
- Modular and Prefabrication Design
