**M<sup>C</sup>CLURE™**

Your vision. Engineered here.

# STRUCTURAL ENGINEERING

## HELPING BUILDINGS STAND TALL AND STAND OUT.

You want to make buildings that make an impact. We can bring your ideas to life. At McClure, we think beyond concrete and steel, creating innovative structures that wow with design. And functionality. We restore buildings to their former glory. And adapt historical buildings to a modern world. You can rely on us for speed and responsiveness when fast action is critical to the success of your project. And you'll appreciate our ability to anticipate problems before they occur. We think like owners, partners, and entrepreneurs, always looking for better ways to make your vision even better. **You want to create livable spaces where memories are made—or kept alive. Let's build on those ideas together.**
