

MID-AMERICA SPORTS COMPLEX

SHAWNEE, JOHNSON COUNTY, KANSAS

PROJECT DESCRIPTION

Johnson County, Kansas, hired McClure to prepare a schematic concept plan for a regional facility to draw local and tournament softball and baseball competition. With much national interest, it quickly became apparent that this idea was indeed a boost to the local and regional area, and final plans and City approval was sought and granted without opposition.

PROJECT HIGHLIGHTS

- McClure prepared the concept plan and based upon local bids, a revised grading plan was required to reduce earthwork costs for the project.
- Site lighting was modified several times based upon local residential comments to prove to the City that this project was indeed a "good neighbor."
- Tournament traffic proved to be more than anticipated on the locals streets, which required public road improvements for the County and City.

COMPLETION DATE

2010

COST OF SERVICES

Design Fee: \$250K

Construction Cost: \$4.5M
